-  WhatsApp Group – For updates & real-time support
-  Free Wi-Fi Access
-  Extension Boxes at every table
-  Refreshments – Provided on both days

Rules & Regulations – Curiousparc 3.0 2026

General Rules

1. **Eligibility:** Open to students from all technical backgrounds. Participants must carry a valid college ID.
2. **Team Size:** Teams must consist of **1 to 4 members**. No cross-teaming or swapping of members during the event.
3. **Originality:** All ideas and prototypes must be **original**. Plagiarized or previously submitted projects will be disqualified.
4. **Problem Statement:** Teams must select from the **official problem statements** provided on the website.
5. **Punctuality:** Teams must report at the venue **30 minutes before** the start time on both days.
6. **Decorum:** Respect all participants, mentors, and organizers. Misconduct of any kind will lead to **immediate disqualification**.

Technical & Submission Rules

1. **PPT Format:** Use the **official template** for the Day 1 presentation. Submission is mandatory.
2. **Prototype Demo:** A working prototype or **minimum viable product (MVP)** is required for Day 2 evaluation.
3. **Technology Usage:** Participants may use **any programming language, tools, APIs, or frameworks** relevant to their solution.
4. **Code Ownership:** All code must be developed **during the hackathon** (except declared libraries or boilerplate). Teams must declare any prewritten code at check-in.
5. **Final Submission (Software Projects Only):**
 - Teams working on **software-based projects** must upload their entire project (code, presentation, and brief documentation) to a public GitHub repository.
 - **Repository Naming Format:** `Curiousparc_<team-name>`
 - Share the GitHub repository link with the organizers by **5:30 PM**.

Facilities & Usage

1. **Wi-Fi Access:** Provided to all teams. Sharing credentials or misusing internet resources is prohibited.
2. **Power Supply:** Use extension boxes responsibly. Do not overload or tamper with hardware.
3. **Meals:** Snacks and refreshments will be provided. Maintain hygiene and clean your area after use.

Communication & Support

1. **WhatsApp Group:** All participants **must join** the official group for real-time announcements.
2. **Mentor Help:** Mentors will be available for idea validation and technical guidance.
3. **Queries:** For any issues, approach the help desk or contact the event heads.

Disqualification Criteria

- Submitting plagiarized or prebuilt projects.
- Using unfair means or external help.
- Misbehaving with participants or staff.
- Failing to present in any of the required rounds.
- Non-compliance with the code of conduct.

Judging Criteria

- ★ Innovation & Originality
- ★ Relevance to Problem Statement

- ★ Technical Implementation
- ★ Presentation & Communication
- ★ Working Prototype & Real-World Impact
